Delaware City, DE 19706

Subject: Justification for Modification of the RI/FS Work Plan

Dear Mr. Touhey

Attached you will find the following two pieces of correspondence:

1. A letter from Mr. R. Guarni justifying the delay of the planned fish tissue analysis.
2. A letter from Ms. B. Pasquine justifying the installation of the eleventh additional monitoring well and clarifying some additional groundwater issues.

A third document delineating an acceptable fish tissue analytical method is still forthcoming and will be forwarded to you upon receipt.

Should you have any questions on the attached correspondence, please contact me directly at (302) 323-4540.

Sincerely,

Diane E. Wehner
Environmental Scientist
Superfund - Remedial
